

Our Business Response to COVID-19

At Bath Fitter, there is nothing more important to us than the safety and well-being of our employees, customers and communities we serve. As the dynamics surrounding COVID-19 continue to change, we remain committed to doing everything possible to ensure the health and safety of all. This includes appointing a task force dedicated exclusively to COVID-19 comprised of leaders from our business, who meet daily to monitor recommendations from WHO and other governmental agencies. On their advice, we promptly ensure any new developments are handled swiftly and appropriately.

You remain important to us. While we are unable to do in-home appointments due to COVID-19 restrictions, you can continue to reach us by phone, live chat and on Facebook for virtual consultations and any inquiries and support. You can also visit [designyourownbath.com](https://www.designyourownbath.com) to start designing the bathroom of your dreams. We look forward to talking to you soon.

We would like to take this opportunity to thank the healthcare workers, local communities, and governments around the world who are on the frontlines working to contain this virus and our hearts and thoughts go out to all the people who have been affected by this unprecedented event.

Thank you
